Unit Entries Pass 300

Over three hundred entries have been received by the Division Adjutant Office for the 4th of July Track and Field Meet to be held at 8:30 a.m. on Fourth of July. German lovers have conditioned the track so that it will take nothing to bring out the best in every entry.

From the spectator point of view, the gate and the track are arranged so that ample seating capacity is available to accommodate every GI in the Division.

The food and beverage facilities will be on hand to provide coffee and donuts. And as usual, every event is equipped with a P.A. system to be set up so that proper identity can be ascertained for every entry.

The first event will get under way promptly at 10 a.m. and the contests will continue until the necessary time trials will be run. Here are the dates and times of the Division track event:

- 10 a.m.: Special track meet, final heat trials, 1 mile race, 1 mile relay trials, 1 mile relay
- 11 a.m.: 440 yard dash, 220 yard dash, shuttle relay, 440 yard relay, 220 yard relay, 1 mile relay, 1 mile relay

In conjunction with these running events, field events will also be held and the following order of events will be followed, starting at 10 a.m. (Diveis), javelin throw, broad jump, high jump, and shot put.

The 15th Infantry seems to have their men under wraps, but they probably won't last long.

The Pacific War

If the stage isn’t actually set for the entry of Russia into the war against Japan, at least the stage crew appeared this week when it was announced in Washington that lend-lease to Russia had been shifted from the European section of that nation to the Pacific area of Siberia. Right now the Russian army is holding down what are said to be strong Jap forces across the Trans-Baikal borders from Siberia.

Japan accused of the possibility of an early invasion of the homeland. The Jap Premier warned the people this week that the taking of Okinawa left Japan open to the possibility of an invasion unprepared that the “Mongol hordes swept over the islands in 1274.” The Jap news agency said that the invasion of the island of Honsu, to which Tokyo is located, would be a threat and that the American-held island of Okinawa has never been attacked by Jap planes, a fact that the Japs may fear.

If the Japs are not so bold as to try to invade the U.S., it is feared that they may try to make the Okinawa base their jumping off point to invade the U.S.

In the battle for the Philippines, hundreds of veteran paratroopers and soldiers of the 11th Airborne Division entered in the final stages of the fighting for Corregidor, where it is estimated that 20,000 Japs are trapped. So far in the Philippines Gen. MacArthur announced this week that 413,000 Japs had been killed or captured.

To match the shooting up of a climax in the Pacific—the United Nations Peace Conference closed last Thursday in San Francisco, with a statement by President Truman. He said the conference had created the atmosphere for peace and security and human progress in the world.” But that the “world must not lose hope in the ultimate establishment of peace and security for all nations.”

Sp. Units Have Top Ballclubs

The special units of the Special Division are focusing on their own individual events. Each unit is capable of challenging any unit in the 3rd Division on its own terms. There is some concern that the baseball division in the Special Division area is being played without the proper facilities, which may determine the success which will be achieved in the 3rd Division. Each unit is making the best effort to place itself in the final round, hoping to carry off the title of Big 3rd Division Champion for the 1945 season.

July 6th, the following units will be placed in the order of excellence: C-100, Engineers; C-41, Quartermasters; C-43, 444th Field Artillery, 444th Field Artillery; C-32, 32nd Field Artillery. At the end of the round of matches, the Special Division will be determined, and the final winner will represent the Special Division.

Round 3 flights will be separated from the 3rd Division, and other units with which they can compete. Each unit will be presented with a trophy, and the Special Division will be ranked as the third division.
